

24-Month STEM Extension OPT Application Checklist

Required application materials

ISO recommends that your application be assembled in the order listed below, with document copies in chronological order from most recent to oldest. Keep a copy for your records. All forms and copies should be **single-sided and unstapled**.

- Application fee of \$410.00**, payable to “Department of Homeland Security” by check, money order, or credit card
 - To pay by credit card, include **Form G-1450 Authorization for Credit Card Transactions** (www.uscis.gov).
- Two recent passport photos**, with your name and I-94 number written lightly on the back
 - Photos must meet [US photograph requirements](#) or they will be rejected and delay processing.
- Recommended: Form G-1145 E-Notification of Application/Petition Acceptance** (www.uscis.gov or [link](#) from ISO)
 - Provide an email and/or mobile phone number to receive notification when your application is received.
- Form I-765 Application for Employment Authorization** (www.uscis.gov or [link](#) from ISO)
 - ISO strongly recommends that you **type and print** this form, rather than writing by hand.
 - **Part 1 #1.a.**: Check the box for “Initial permission to accept employment” to indicate what you are applying for. The STEM Extension is a different category than your initial 12-month OPT, so this is not considered a renewal.
 - **Part 2 #5.a. – 6:** Provide your current residential or work address, where you can receive mail for at least 4 months after submitting to USCIS (the US Post Office cannot forward government mail).
 - **Part 2 #27:** Use the appropriate code for the STEM Extension: **(c)(3)(C)**
 - **Part 2 #28.a:** List your STEM-eligible degree level and major as listed on your I-20.
 - **Part 2 #28.b. – 28.c.:** List your employer’s name and E-Verify Identification Number as they are listed in the E-Verify program. This information is usually available from your employer’s Human Resources.
 - **Part 3 #7.a. – 7.b.:** Sign and date the application form in *blue ink* after printing.
- Document Photocopies** – Do NOT send any originals of these supporting documents.
 - New I-20 with STEM Extension, issued no more than 60 days before USCIS will receive the application
 - Any/All I-20s (excluding instructions page) related to current UR degree program and relevant STEM degree
 - Passport: ID page, current expiration date, F-1 visa stamp (if applicable)
 - I-94 record (print online: www.cbp.gov/i94) or I-797 Approval Notice for Change of Status to F-1
 - Current EAD card for 12-month OPT and any previously issued EAD card(s)
 - Evidence of STEM degree - listing your name, degree earned, date awarded, and field(s) of study

Submit your application to USCIS

STEM Extension applications must be mailed to a USCIS lockbox location for initial processing. The appropriate shipping address depends on 1) your mailing address listed in **Part 2 #5.a. – 5.e.** on the Form I-765, and 2) how your application will be delivered. You must **determine the routing location, either Dallas or Phoenix** (see page 2 or access [USCIS Lockbox mailing instructions](#)), and whether you will use standard US Postal Service delivery or express delivery services through USPS or another provider (FedEx, UPS, DHL, etc.). Be sure to request a **tracking number** for your package and ensure timely delivery of your application!

Receipt Notice & I-797 Approval Notice/EAD copies to ISO

Once your STEM application is received at USCIS, you will receive an official Receipt Notice by mail to the address listed on your I-765 application. Additionally, if your application requires additional information or documentation, you may receive a Request for Evidence (RFE). When the application is approved, you will also receive an I-797 Approval Notice and a new Employment Authorization Document (EAD card). It is critical that ISO have a copy of any and all of these documents, as you receive them! Please submit copies by email to: opt@rochester.edu.

Work Authorization & STEM Reporting

If the STEM application is timely filed, your OPT work permission will be automatically extended up to 180 days while the case is pending with USCIS. During your STEM Extension period, you must report all employment activities and address details to ISO within 10 days of any change and every 6 months: www.iso.rochester.edu/employment/students/reporting/index.html.

USCIS Phoenix and Dallas Lockbox facilities

If you live in:	Use the PHOENIX Lockbox:
